**Ostomy
Product Guide**

ConvaTec

It all starts with care...

Very simply, we are here to help you care for your patients. From finding the ideal ostomy system and skin care products, to improving positive outcomes and reducing readmission rates, ConvaTec has the clinically proven products and innovative services to ensure you have all you need to create a successful experience for your patients.

"I always take the time to help my patients find the products that fit their life."

Jenny

"My favorite part of the day is taking Ramsey to the dog park."

Pick

me+™ supports the 'whole' person for life

Healthcare professionals spend their days helping patients live their best lives. me+ complements this care by surrounding patients with the support, insights and products they need to live life with an ostomy on their own terms.

me+ care

Products, supplies and advice for the first few weeks at home.

me+ support

Live experts by phone or e-mail for any questions you may have.

me+ answers

An in-depth resource covering everything ostomy.

me+ style

Clothes that conceal your ostomy pouch – and look great too.

me+ community

Inspiring stories and ideas from others living with an ostomy.

Live experts are available by phone or e-mail for any questions you may have in any language you need.

Call us at 1-800-422-8811 (M-F, 8:30 AM-7:00 PM EST) or e-mail CIC@convatec.com

Fast Acting Adhesive Removal

 **ConvaTec**

Patients with vulnerable skin need a simple, sting free regimen designed to help keep skin healthy, and help prevent red, sore skin- before it starts. Not all Sting Free! products are created equal. Talk to your ConvaTec representative to set up a demo and find out how the Release-Remove-Protect system can help you get patients off to the right start.

Ostomy Skin Care & Accessory Products

Soothing, high-quality skin care products that cleanse, moisturize and protect.

Looking after your skin is an essential part of long-term stoma management. But sometimes a simple appliance is not enough. That's why Convatec skin care accessories can serve as an important accompaniment to your daily routine.

Convatec Stomahesive® Accessories contain Pectin—an ingredient derived from citrus fruits. Used correctly, these accessories can help heal and protect peristomal skin, and that means greater comfort for you.

Skin Care & Accessory Products

DIAMONDS™ Gelling and Odor Control Sachets

Solidifies liquid contents and reduce or eliminate excess gas, enabling the user to achieve a flatter, more discreet pouch.

HCPCS A4422

Product Code	Box of
TR105	100 Sachets

AllKare® Protective Barrier Wipe

Non-water soluble formula for skin protection. Provides a barrier film layer on the skin under tapes, skin barriers/wafers, adhesives, and hydrocolloid dressings to help protect against irritation, excoriation and adhesive build-up.

HCPCS A5120

Product Code	Box of
037439	50
037444	100

Sensi-Care™ Sting-Free Skin Barrier Wipe

Non-alcohol, silicone based formula for skin protection. Provides a barrier film layer on the skin that protects it from the damaging effects of adhesives, body waste and enzyme attack.

HCPCS A5120, A6250

Product Code	Box of	Boxes per Case*
Non-Sterile 413501	50	20

* Sold by the case.

Sensi-Care™ Sting-Free Barrier Spray (non-aerosol)

Non-alcohol, silicone based formula for skin protection. Provides a barrier film layer on the skin that protects it from the damaging effects of adhesives, body waste and enzyme attack.

HCPCS A6250, A4369

Product Code	Spray bottle size	Box of	Boxes per Case*
420797	28 mL	1	12
413502	50 mL	1	12

* Sold by the case.

Sensi-Care™ Sting-Free Barrier Foam Applicator – STERILE

Non-alcohol, silicone based formula for skin protection. Provides a barrier film layer on the skin that protects it from the damaging effects of adhesives, body waste and enzyme attack.

HCPCS A5120, A6250

Product Code	Applicator Size	Individually Packaged Applicators per Box	Boxes per Case*
420793	1 mL	5	20
420794	1 mL	25	4
420795	3 mL	5	20
420796	3 mL	25	4

* Sold by the case.

AllKare® Adhesive Remover Wipe

For the gentle removal of all adhesives, including skin barriers, tapes, and hydrocolloid dressings. The AllKare® Adhesive Remover Wipe formula effectively removes tape, skin barrier/wafer, and adhesive residues from the skin that can reduce wear times.

HCPCS A4456

Product Code	Box of
037436	50
037443	100

Sensi-Care™ Sting-Free Adhesive Remover Wipe

Non-alcohol, silicone based formula that offers fast removal of adhesive residue while helping minimize painful skin stripping.

HCPCS A4456

Product Code	Box of	Boxes per Case*
413500	30	20

* Sold by the case.

Sensi-Care™ Sting-Free Skin Adhesive Releaser

Non-alcohol, silicone based formula that offers fast release of adhesives from the skin while helping minimize painful skin stripping.

HCPCS A4455

Product Code	Aerosol can size	Box of	Boxes per Case*
Non-Sterile 413499	50 mL	1	12
Sterile 420798	150 mL	1	12

* Sold by the case.

Stomahesive® Paste (Pectin-based Protective Skin Barrier)

Use as a filler in uneven skin surfaces to help increase ostomy system wear time and protect skin.

HCPCS A4406

Product Code	Size	Box of
183910	2 oz. tube	1 tube

Stomahesive® Protective Powder

Helps form a protective barrier against excoriated or weeping skin.

HCPCS A4371

Product Code	Size	Box of
025510	1 oz. bottle	1 bottle

Stomahesive® Skin Barrier

A multipurpose skin barrier designed to help protect peristomal skin and assist in the management of difficult stomas. Available in sterile and non-sterile forms.

Product Code	Size	Box of	HCPCS
Non-Sterile			
021712	4" x 4" Wafers	5	A4362
021715	8" x 8" Wafers	3	A5122
Sterile			
021901	4" x 4" Wafers	5	A4362

Stomahesive® Strips (Moldable Adhesive)

Double sided Stomahesive® Strips for use as a filler to protect or fill-in uneven skin surfaces next to an ostomy, fistula, or wound.

HCPCS A4362

Product Code	Size	Box of
025542	3 cards of 5 strips each	15

Eakin Cohesive® Seals

A donut-shape ostomy accessory that can be molded to a variety of shapes. It acts as a gasket or barrier, and provides enhanced protection for hard-to-fit stomas. The unique moldable hydrocolloid barrier forms a gel that helps prevent skin damage by sealing the area between the skin and ostomy appliance.

HCPCS A4385

Product Code	Size	Box of
839002	Small 2"	20
839001	Large 4"	10
839005	SLIMS 2"	10

Eakin Cohesive® StomaWrap™

Designed for large or oval shaped stomas and those with limited dexterity, it allows for a quick pouching routine.

HCPCS A4385

Product Code	Size	Box of
839006	85mm (3 3/8")	10

Eakin Cohesive® Skin Barrier

A moldable and moisture-absorbing skin barrier. It is designed to help protect the skin from contact with body fluids. It is used wherever the skin is damaged, excoriated or vulnerable and needs protection from body wastes and fluids.

HCPCS A4385

Product Code	Size	Box of
839004	Small 4" x 4"	5
839003	Large 4" x 8"	5

DuoLock™ Curved Tail Closures

For use with SUR-FIT® Natura®, Esteem synergy® and ActiveLife® Drainable Pouches.

HCPCS A4363

Product Code	Box of
175652	10

ConvaTec® Tail Closures

For use with SUR-FIT® Natura®, Esteem synergy® and ActiveLife® Drainable Pouches.

A clicking noise can be heard when closing the tail closure to ensure security. Prior to initial use, open and close several times.

HCPCS A4363

Product Code	Box of
175635	10

Ostomy Appliance Belt
 (Adjustable up to 42")
 May help provide an added sense of security.
 HCPCS A4367

Product Code	Box of
175507	1

ConvaTec® Night Drainage Container Set
 Set contains:
 1 ConvaTec® Night Drainage Container with tubing
 1 ConvaTec® Night Drainage Container Cover
 1 universal adapter
 HCPCS A5102

Product Code	Box of
027060	1 set

ConvaTec® Night Drainage Container Tubing

Two-Piece Ostomy Systems

Natura® + and SUR-FIT® Natura®—
An innovative line of pouches and skin
barriers for every lifestyle.

Natura® + and SUR-FIT® Natura® Two Piece Products

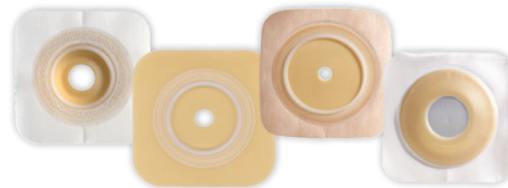

The **Natura® +** and **SUR-FIT® Natura®** Two-Piece Ostomy System is ConvaTec's most extensive two-piece product line. The SUR-FIT® Natura® Flange System signals a secure, accurate closure with a series of audible "clicks." A simple snap-off, snap-on design allows users to change the pouch quickly to match activities without removing the skin barrier from the skin.

When it comes to Natura® + and SUR-FIT® Natura® ostomy products, we recommend you take a look at the innovative pouch and skin barrier features that have been combined with our Stomahesive® and Durahesive® adhesives. The SUR-FIT® Natura® ostomy system offers special moldable skin barriers for a personalized, custom fit around the stoma to help protect skin. The Natura® + and SUR-FIT® Natura® pouches are available in drainable, closed-end, urostomy, transparent and opaque. In addition, they are available with a filter and the InvisiClose® clipless tail closure.

Also available for post-operative tenderness after surgery is the SUR-FIT® Natura® Low-Pressure Adaptor. The SUR-FIT® Natura® Low-Pressure Adaptor allows clinicians and patients to attach the pouch to the skin barrier without having to press directly on the abdomen. The SUR-FIT® Natura® Low-Pressure Adaptor can be connected to any combination of SUR-FIT® Natura® wafers and pouches with the same flange size.

SUR-FIT® Natura® Durahesive® Skin Barriers

(compatible with Natura® + and SUR-FIT® Natura® pouches)

Durahesive® skin barriers/wafers are designed for people whose stoma output is mostly liquid. Unlike other skin barriers/wafers that can break down around liquid output, Durahesive® skin barriers/wafers swell up to protect the stoma. This special effect, called turtlenecking, helps create a more secure seal without harming the skin. Durahesive® skin barriers/wafers are also easy to fit, apply, and remove. They will adhere securely to the skin while showering, bathing, and swimming.

SUR-FIT® Natura® Moldable Durahesive® Skin Barrier with Accordion Flange

Go Moldable

ConvaTec Moldable Technology™

Now available in more options, to give your patients the freedom and confidence to live life to the fullest.

Moldable Technology™ creates an elastic-like seal that “rebounds” to fit any stoma size and shape—and then “turtlenecks” upward to enhance the seal. The result is an incredibly secure, snug fit.

Only one skin barrier delivers the powerful, proven protection of Moldable Technology.™

50% of ostomates have skin issues^{2,3}

34%

have peristomal skin complications within the first 3 weeks post-op⁴

47%

within the first 2 months⁵

52%

within the first year³

95%

of people who started on Moldable Technology kept their skin healthy.¹

86%

of people who switched to Moldable Technology improved their skin condition.¹

SUR-FIT® Natura® Stomahesive® Skin Barriers

(compatible with Natura® + and SUR-FIT® Natura® pouches)

Stomahesive® skin barriers/wafers are ideal for people whose stoma output is semi-formed to formed stool. This reliable skin barrier/wafer provides a special formula that enables the skin barrier/wafer to adhere to both dry and moist skin. It holds firmly to skin while helping to protect against irritating output. Another feature of the Stomahesive® skin barrier/wafer is an outer protective coating which helps keep it in place. The skin barriers will maintain adhesion to the skin when showering, bathing, and swimming. Plus, Stomahesive® skin barrier/wafers are easy to fit, apply, and remove.

SUR-FIT® Natura® Moldable Stomahesive® Skin Barrier with Accordion Flange

Go Moldable.

Moldable Technology™ creates an elastic-like seal that “rebounds” to fit any stoma size and shape—and then “turtlenecks” upward to enhance the seal. The result is an incredibly secure, snug fit.

95%

of people who started on Moldable Technology kept their skin healthy.¹

No gaps. Fewer leaks. Healthier skin.

Makes pouch application much easier, more comfortable – while delivering proven skin protection.

Natura® + Pouches

(compatible with SUR-FIT® Natura® skin barriers)

ConvaTec developed these innovative pouches to be noticeably more comfortable and more discreet. The Natura® + pouching system offers the latest technologies from ConvaTec including:

- A state-of-the-art filter with anti-clogging film layer
- Soft and quiet materials
- InvisiClose® tail closure
- Lock-it Pocket™ that securely hides away the tail giving the comfort of a closed end pouch

ConvaTec's latest pouches combined with SUR-FIT® Natura® advanced skin barrier adhesives offer security, comfort and discretion.

NATURA™

NEW! Cut-to-Fit Accordion Flange

“UP” position

“DOWN” position

Take the pressure off of pouch application.

The NEW Natura™ Cut-to-Fit Accordion Flange lifts easily to provide generous finger room so coupling is easy and comfortable. Designed for tender abdomens or for anyone who wants everyday comfort.

Product highlights

- 2X more finger space than any other lifting flange.¹
- Comfortable and discreet.
- Simple to measure and cut.
- Compatible with a range of Natura™  pouch options.

SUR-FIT® Natura® Drainable Pouches

(compatible with SUR-FIT® Natura® skin barriers)

SUR-FIT® Natura® drainable pouches have soft, fabric-like comfort panels. With streamlined body contour panels, low-profile design, and less headroom, they distribute pouch content more evenly and away from the stoma. All drainable pouches have a wide tail opening for easier emptying.

The SUR-FIT® Natura® drainable pouches are also available with the InvisiClose® tail closure system and an advanced filter. The InvisiClose® clips tail closure offers double security, ease of drainage, comfort and cleanliness. The easy to open outlet end strips and tail design help control flow and reduce splashing. The locking mechanism is enhanced by an additional security flap for added peace of mind. The advanced air filter is designed to let gasses through while repelling liquids.

SUR-FIT® Natura® Closed-End Pouches

(compatible with SUR-FIT® Natura® Skin Barriers)

SUR-FIT® Natura® Closed-End pouches are designed for one-time usage, and may be used everyday, for special occasions or intimate moments. They are available with a filter that is designed to reduce odor and gas buildup. There's no draining or uncomfortable clip to worry about. When you're ready, you simply remove the pouch, place it into a disposable bag, then discard it.

Esteem synergy® + and Esteem synergy® Two-piece Ostomy Systems

"Whenever I call the ostomy nurses, they always take the time to help me and to find the products that fit my life."

Whitney

singer, artist, volunteer

Brings you tools and advice to help make life with an ostomy completely your own.

me+ care

Products, supplies and advice for the first few weeks at home.

me+ support

Live experts by phone or e-mail for any questions you may have.

me+ answers

An in-depth resource covering everything ostomy.

me+ style

Clothes that conceal your ostomy pouch – and look great too.

me+ community

Inspiring stories and ideas from others living with an ostomy.

The Esteem synergy® + and Esteem synergy® ostomy system utilizes an innovative Adhesive Coupling Technology™ that connects the pouch to the skin barrier and eliminates the need for plastic rings that must be snapped or locked together. Esteem synergy® ostomy system is ConvaTec's innovative product that provides the skin friendliness and versatility of a two-piece system, as well as the low profile, comfort, and flexibility of a conventional one-piece system.

The Esteem synergy® ostomy system has a flat, flexible adhesive foam ring on the pouch that securely connects with a clear, flat, flexible plastic "Landing Zone" flange on the skin barrier. It is easy to apply and easy to remove.

Getting the full benefits of me+ is easy.

Color Key and Sizing Guides

Match the color of the dot on the skin barrier package with the color of the dot on the pouch package.

Esteem synergy® Skin Barrier Sizing

- Small
- Medium
- Large
- Extra Large

Moldable Skin Barrier Sizing

STOMA SIZE	COLOR MATCH	SKIN BARRIER
1/2" to 7/8"	●	Small
7/8" to 1 1/4"	●	Medium
1 1/4" to 1 3/4"	●	Large

Cut-To-Fit Skin Barrier Sizing

STOMA SIZE	COLOR MATCH	SKIN BARRIER
Up to 1 3/8"	●	Small
Up to 1 7/8"	●	Medium
Up to 2 3/8"	●	Large
Up to 3 1/2"	●	Extra-Large

Esteem synergy® Skin Barriers

(compatible with Esteem synergy® + and Esteem synergy® pouches)

The landing zone flange on the skin barrier is square and is slightly larger in size compared to the round adhesive ring on the pouch. The application process is easy and precise alignment is not necessary.

Esteem synergy® Moldable Durahesive® Convex Skin Barrier with Moldable Opening and white tape collar

Esteem synergy® Drainable Pouches

(compatible with Esteem synergy® Skin Barriers)

The ergonomically shaped Esteem synergy® drainable pouches are designed to complement body contours and add to ease of emptying. Esteem synergy® drainable pouches have an advanced air filter which is designed to let gasses through while repelling liquids.

Esteem synergy® drainable pouches are also available with the InvisiClose® tail closure system. The InvisiClose® clipless tail closure offers double security, ease of drainage, comfort and cleanliness. The easy to open outlet end strips and tail design help control flow and reduce splashing. The locking mechanism is enhanced by an additional security flap for added peace of mind.

One-Piece Ostomy Systems

Simplicity and flexibility in a low-profile one-piece system.

Esteem® + One-Piece Ostomy System

The one-piece system that's gentle on the skin, while remaining secure and easy to use! Flexible and discreet, the Esteem® + one-piece system is the all-in-one solution that combines the skin barrier and pouch in a single unit, allowing for a simple, secure, and comfortable experience. Available with a modified Stomahesive® or Durahesive Plus® skin barrier that gently adheres to skin and protects it from breakdown.

The Esteem® + one piece pouching system offers the latest technologies from ConvaTec including:

- A state-of-the art filter with an anti-clogging film layer, keeping the pouch flat while virtually eliminating odor
- InvisiClose® clipless tail closure with a strong hook and hook fastener
- The Lock-It Pocket™ which securely hides away the tail to provide the comfort of a closed end pouch
- Comfort panel pouch material that is soft and smooth against the skin, nearly rustle-free and resists water and dries quickly.

ConvaTec's latest pouches and advanced adhesives offer you the security, comfort, and discretion you deserve.

Little Ones® Pediatric Ostomy System

With all the challenges that go with raising a child, finding the right ostomy product needn't be one of them. That's because ConvaTec has a line of products designed just for kids. The line features products for children who have had colostomy, ileostomy, or urostomy surgery. As with our adult line, **ConvaTec Little Ones® Ostomy System** products offer a full range of products to meet any child's need or parent's preference. Each has been scaled down in size to comfortably fit a child's unique body contour. Little Ones® products are designed with an active child in mind.

Color Key and Sizing Guides

Match the color of the dot on the skin barrier package with the color of the dot on the pouch package.

Little Ones® Pediatric Ostomy System

● Stoma Size: 0 - 9/10" (0-23 mm)

● Stoma Size: 1/5 - 1 1/4" (4.8-31 mm)

● Flange Size: 1 1/4" (32 mm)

● Flange Size: 1 3/4" (45 mm)

Little Ones® Pediatric Ostomy Systems

A product line designed to care for the youngest patients.

Ostomy Glossary of Terms

Abdomen — area of the body between the chest and the hips in the front part of the body that contains the digestive organs

Adhesive Coupling Technology™ — a two-piece ostomy pouching system that attaches with a tape-like adhesive rather than plastic rings snapping together

Closed-end pouch — a pouch that has no opening at the bottom and is removed and discarded after each use

Colostomy — a surgically-created opening between the large intestine (colon) and the abdominal surface

Comfort panels — ConvaTec pouches are available with 1-sided and 2-sided comfort panels for your convenience

Convexity — Convex products may be used when a stoma empties at or below the skin surface; when there are creases, wrinkles or scars near the stoma, and/or when the abdomen is very soft around the stoma.

Drainable pouch — has an opening at the bottom which allows stool or urine to be drained and re-closed with a clip or self-gripping fastener hook tape

Durahesive® — is an extended wear barrier that provides the ultimate in security and adhesion for people with liquid to semi-liquid outputs

Durahesive Plus® — is an extended wear barrier available in a one-piece cut-to-fit pouch

Film — all ConvaTec pouches have built in layers that help reduce the rustling noise under clothing, and a built in odor-barrier

Filter — some ConvaTec pouches have an integral filter that helps reduce gas buildup within the pouch

Fistula — an abnormal tube-like passageway between one hollow organ in the body and another hollow organ, or the skin

Ileostomy — a surgically-created opening between the small intestine (ileum) and the abdominal surface

Ostomy Glossary of Terms (cont'd)

One-piece ostomy pouching system — the skin barrier/wafer and pouch are made as one

Ostomy — a surgically-created opening (called a stoma) in the gastrointestinal system to allow the passage of stool or in the urinary system to pass urine

Peristomal skin — the skin surrounding a stoma

Pouch with spout — drainage tap or spout at the bottom of the pouch to empty urine or liquid stool

Pre-cut — some ConvaTec skin barriers are available pre-cut to certain stoma sizes

Skin barrier/wafer — round or square-shaped with a sticky side that is applied to the skin around the stoma (called peristomal skin). Helps protect the skin from stool or urine, which can be very irritating

Stoma — a surgically-created opening on the abdomen surface. Also commonly called an ostomy. Stool or urine leaves the body through this opening instead of the anus or urethra

Stomahesive® — is a skin barrier that provides excellent security for people with semi-formed to formed output because of its special formulation that enables it to adhere to both dry and wet skin

Tape collar — ConvaTec skin barriers are available with or without tape collars. Most skin barriers with tape collars are available in white, dye-free tape or tan tape

Two-piece ostomy pouching system — skin barrier/wafer and pouch are separate and attached together with a round, plastic ring (called a flange). Pouch can be easily removed without also having to remove the skin barrier/wafer

Urostomy — a surgically created opening which allows urine to pass

Disclaimer

The reimbursement information provided by ConvaTec is intended to provide general information relevant to coding and reimbursement of ConvaTec's products only. Coverage and payment policies for the same insurer can vary from one region to another and may change from time to time because of ongoing changes in government and insurance industry rules and regulations. Therefore, please confirm HCPCS codes with your local DME-MAC, private insurer, or Medicaid agency before processing claims. ConvaTec does not guarantee coverage or payment of its products listed herein.
