

**ConvaTec**

**Because sometimes  
a small device can  
make a big difference  
in your practice...**

## **That's Why ConvaTec Loop Rods are Back! The same loop rods you trusted & used for years!**

- “T” shaped loop rods help keep the rod in place.
- Swivel head design allows for easy application and removal.
- Designed with holes, giving you the option of suturing.
- All loop rods are sterile.
