

ConvaTec

There's Only One ConvaTec Moldable Technology™ Skin Barrier

Now Available as a Flat Moldable Skin Barrier on the Esteem *synergy*® Ostomy System!

ConvaTec Moldable Technology™

- A unique skin barrier with smart, patented, moldable adhesive for a custom fit every time.
- Built-in Rebounding Memory Technology™ helps adhesive gently hug the stoma for a secure seal.
- Adaptable adhesive improves fit, helping to minimize leakage and maintain healthy skin.
- Simple to teach, easy to use. Mold with fingers for a personalized fit. No scissors needed!

Adhesive with Rebounding Memory Technology™ creates a secure, personalized fit.

Esteem *synergy*® Ostomy System

- The secure seal you can trust! Innovative Adhesive Coupling Technology™ seals the pouch to the skin barrier landing zone.
- Low pressure coupling system means no hard, plastic rings to snap together.
- Discreet, low profile design gives your patients peace of mind.
- Comfortable, flexible system moves easily with the patient throughout the day and night.

Application and removal is low pressure – an ideal solution for post-surgery patients.

* Seal maintained adhesion when tested at the equivalent of 3.5 times the capacity of the standard 12 inch pouch.^{†1}

† standard pouch

The complete line of Esteem *synergy*[®] Ostomy Systems with flat and convex ConvaTec Moldable Technology™ Skin Barriers are suitable solutions for a variety of ostomy system needs.
