

## **Head of ConvaTec's Danish Infusion Care business presents a solid 2020 result and confirms a leading position for infusion sets for Diabetes. Repeatedly on the list of the 50 largest tax contributors.**

After a strong third quarter, ConvaTec Group Plc presents a very nice annual result with a total growth of 4% compared to 2019. A result was supported by a strong performance in its business unit Infusion Care, which has its global headquarters in Denmark. ConvaTec Infusion Care in Denmark makes a significant contribution to the group with their total result for 2020 of DKK 2.1 billion. An overall increase in the category of 16.7% compared to last year's result.

### **Treatment with insulin pumps grows**

ConvaTec Infusion Care supplies infusion sets for insulin pump therapy and their products are sold worldwide. ConvaTec Infusion Care is the absolute leader in its field.

Insulin pump therapy has long been growing as a form of treatment for the delivery of insulin to type 1 diabetics. Especially in Denmark, in recent years, people have increasingly been aware of this form of treatment, which for many patients can be a great help in achieving the best possible treatment.

### **High Tax Contribution**

But ConvaTec Infusion Care not only contributes great results to the ConvaTec Group. The company's tax contribution in 2019, delivered jointly with the other companies in the business unit; the Danish sales office ConvaTec Danmark and Papyro-Tex in Herlev\*, places ConvaTec Infusion Care in the upper half on the list of the 100 largest taxpayers in Denmark.

*"We are incredibly proud of our annual result and our contribution to society, which goes hand in hand with our vision of improving the lives of people with chronic diseases. Our innovative infusion set is offered not only in Denmark but all over the globe and helps over 800,000 people daily with their diabetes treatment. With our latest infusion set, we have focused on a very intuitive use, which especially in these times supports the need for simple solutions when communication with customers and users is limited to being online."* says John Magnus Lindskog, President of ConvaTec Infusion Care.

From our Danish sales organization, where the focus is on the use of infusion sets for pain treatment, one of the other important business areas for ConvaTec Infusion Care, says manager, Helle Egebjerg Kure: *"I am proud that ConvaTec is in this prestigious league, because we in that way make a strong contribution to society. Our vision is to improve the lives we touch with innovative and user-friendly products and it has never been more important than now."*
